PRODUCT DESCRIPTION

Designer: Charlotte Perriand

Applique à Volet Pivotant LED Wall Light by Nemo Lighting

The LED version of the Applique à Volet Pivotant wall light, this LED wall lamp has a simple rectangular look with a block colour finish on the front to catch the eye. The Applique à Volet Pivotant LED wall light was designed by Charlotte Perriand, a pioneer of the 20th century who took the design world by storm.

Producing designs that rely on function and simplicity, this wall light is no exception and encapsulates Perriand's design aesthetic. The Applique à Volet Pivotant LED wall lamp creates a soft ambience as the integrated LED rebounds off the wall and can also be slightly directed as the front can be opened up. Available in 4 colours, you can find the right finish for your design scheme and you can also use other lights from the Nemo Lighting Applique à Volet Pivotant collection to create consistency in your space.
