PRODUCT DESCRIPTION

Designer: Bertjan Pot

HAY Paper Cube Floor Lamp

The Paper Cube floor lamp was designed by Bertjan Pots, a designer based in Rotterdam who created this simple design after being inspired by an ancient Japanese paper folding technique. The paper shade paired with the wooden base creates an authentic natural aesthetic that provides a calming atmosphere. With an easy-to-assemble design, this floor lamp allows the user to fold the recycled bottle paper to create the lamp.

Place the Paper Cube floor lamp in your living or dining space to bring a natural touch to your room. This lamp would be ideal for creating a tranquil and calming space as the light is beautifully diffused through the paper shade.
