PRODUCT DESCRIPTION

Arturo Alvarez Nevo Wall Light

The Nevo collection is a true example of the extreme malleability the painted stainless steel mesh has to offer compared to any other material. The organic form of the Nevo wall light is hand moulded making each Nevo light unique and no two are ever the same.

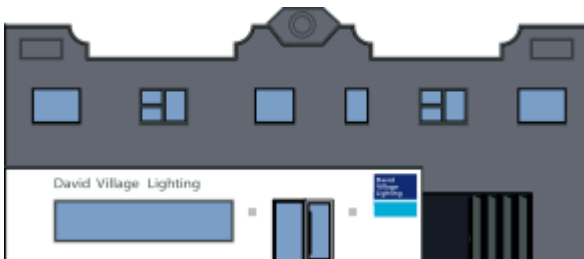

The Nevo light is characterised by volume and an organic shape which is seemingly ever growing. The folds allow for a play between light and shadows in the room, as if the light is alive.
