### PRODUCT DESCRIPTION

**Designer:** Resident Studio

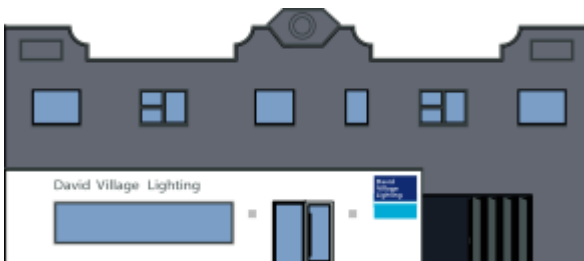

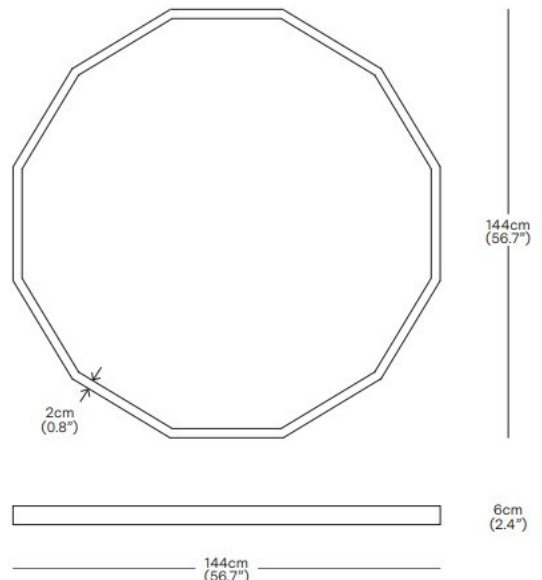

### Resident Midnight Pendant

Resident Midnight Pendant is a part of the signature geometric family that brings the beauty of mathematical accuracy into innovative and functional feature lighting in both commercial settings and homes. This dodecagon-shaped pendant is suspended from inconspicuous slim line wires, with a high-quality LED light source that is elegantly diffused through recessed frosted acrylic.

Midnight was designed in 2016 and handmade in Auckland, New Zealand at the Resident studio. This pendant is available in brass and aluminium colourways. The pendant works well displayed in a cluster with other members of the geometric family or as a singular pendant.
