307 Table Lamp by Le Klint

The classic 307 table lamp was designed by Esben Klint in 1948, producing an everlasting design that has inspired lighting design throughout generations. The lampshade is hand-made, as with all Le Klint designs, made from plastic foil, resulting in a textured design that impresses. The slender body and base are made out of solid brass proving to be very elegant and sophisticated.

Perfect for both home and work interiors, the 307 table lamp works best on tables and desks to provide a nice glow that will emanate through the room, providing a warm atmosphere.
