PRODUCT DESCRIPTION

Designer: Dan Yeffet

Brokis Balloons Table Lamp

The Brokis Balloons Table Lamp was inspired by the silhouette of a hot air balloon and is another iconic design by Dan Yeffet. The table lamp consists of a large structure crafted from hand-blown glass, with a metal diffuser inside that projects an upward illumination. Even when turned off, the Brokis Balloons resembles a striking structural piece of art in your home and offers you a wide variety of choice, the glass finishes and diffuser colour have the ability to be mix and matched and the lamp is also available in two larger sizes; these can be used as either table or floor lamps.

This timeless lamp adds a touch of luxury to your space and thanks to the ambient lighting output, creates a calming ambience no matter where you decide to display it. Brokis Muffins is a beautiful addition to living areas, entryways, bedrooms and dining rooms. The larger variations are also an excellent choice for bigger commercial environments.

For information and pricing on the larger sizes as well as customised colourways please [contact us](#).
