

Northern Northern Butterfly Wall Light

LA4927

SOURCE: <https://www.davidvillagelighting.co.uk/product/Northern-Butterfly-Wall-Light/18223>

PRODUCT DESCRIPTION

Northern Butterfly Wall

Butterfly is a small wall lamp that was designed in 1964 for Arnold Wiigs Fabrikker and later produced by Høvik Lys of Norway. In 2008 Northern Lighting decided to relaunch this Norwegian design treasure. Its uniqueness lies in the combination of simplicity of form and a well preserved indirect method of exposing light, creating a bright but warm atmosphere. It looks simple, but is elegant and decorative as a single item, and is even more so when several are combined in vertical or horizontal groups.

PRODUCT SPECIFICATION

Light Source: 1 x Max 60W E27 (excluded)
