PRODUCT DESCRIPTION

Designer: Paavo Tynell

Tynell 9464 Wall Light by Gubi

Designed in the mid 20th century by Paavo Tynell, the 9464 wall light has been brought back to the modern eye by Gubi. The shade, made from polished brass, is both distinctive and elegant as the intriguing design showcases Tynell's trademark perforated dots that can be seen in other parts of his [Gubi collection](#). With a diffused indirectional light, this wall lamp is a simple and refined choice for home decoration, that particularly fits well in contemporary décor due to its timelessness and modernity.

For a room truly inspired by Tynell, match the 9464 with other parts of his collection to create a symbiotic and seamless design scheme.
