PRODUCT DESCRIPTION

Designer: Svend Aage Holm-Sørensen

Nordic Cone Wall Light

Warm

The cone wall light is available in 3 classic Warm Nordic colour options with brass details. Perfect next to your bed or armchair, an ideal companion to your reading. The definitive signature of designer Svend Aage Holm-Sørensen, are the small openings or grooves on the shade which add to the lighting effect.

This wall light cannot be hardwired into the wall but instead includes a cable and plug which needs to be plugged into a socket on the wall below. This is a classic feature of Scandinavian wall lamps which are rarely hardwired.
