## PRODUCT DESCRIPTION

**Designer:** Vico Magistretti

## Oluce Atollo Opal Glass Table Lamps

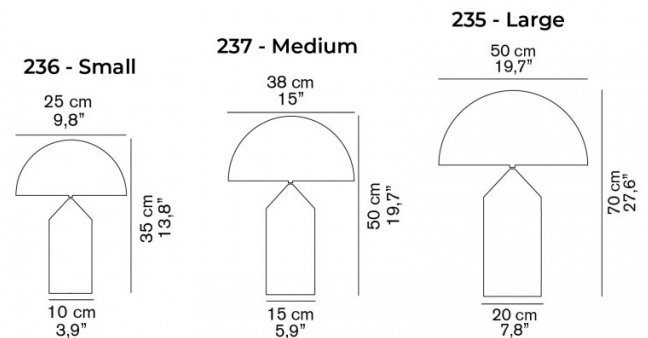

Oluce Atollo Glass Table Lamp is the glass version of the iconic [Oluce Atollo Table Light](#), designed by Vico Magistretti in 1977. The table lamp has since gone on to inspire many designers and current trends, being a landmark light that changed the silhouette of the typical bedside lamp. Two light sources are located as the base and the shade of the lamp, creating a soft glow through the whole lamp.

Atollo Opal Glass Table Lamp features a beautiful organic form, with a large hemispherical lampshade and a sleek base. The opal glass creates a diffused and warm glow, creating a cosy atmosphere in any interior. Atollo Opal Glass Table Lamp is available in small, medium or large sizes and will look wonderful on any table or surface in homes, commercial settings and hospitality venues.
