PRODUCT DESCRIPTION

Designer: Alida Catella & Silvio De Ponte

Look At Me LED Cluster Pendant  
Light by Artemide

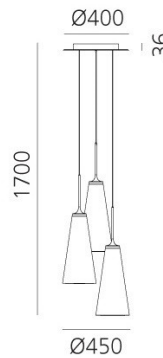

The Look At Me cluster pendant is made up of lights from the [Artemide Look At Me collection](#), designed by Alida Catella and Silvio De Ponte. A thoroughly modern light, the cluster suspension is available in 2 versions, the Look At Me 21 cluster and the Look At Me 35 cluster, which each have three individual pendants that have coned lampshades.

The Look At Me cluster suspension light has an integrated LED source which sits in the top of each shade, producing a downward directed glow. The light also cuts through the lampshade to create bright lines that add a dynamic and geometric look. The cluster pendant light can also be controlled via the Artemide app which allows you to create many different types of light settings and dimming options. Use in homes and commercial spaces for an effective feature light that is useful in both large and small spaces.
