PRODUCT DESCRIPTION

Designer: Simon Schmitz

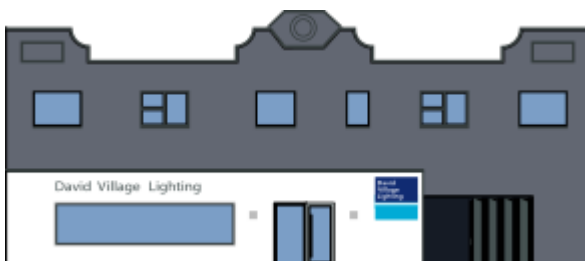

Aaro LED Wall Light by DCW éditions

A part of the [DCW éditions Aaro collection](#), the Aaro wall lamp was designed by Simon Schmitz who wanted to create a light that had a fluid motion. By introducing a sphere joint, the wall light is very flexible and can be rotated, allowing the user to direct the light where needed.

An example of graceful balance, the Aaro wall light has an integrated LED light source which sits perfectly in the circular lampshade for a long-lasting glow. The wall light comes in a black colour finish and so will fit into any design scheme. The intriguing silhouette and function of the Aaro makes it a wonderful choice for any interior for a clever lighting solution.
