PRODUCT DESCRIPTION

Mini Onn LED Pendant Light by Arturo Alvarez

The LED version of the [Onn Mini pendant](#), the Onn Mini LED pendant lamp has a shell-like aesthetic, being reminiscent of sea life. The lampshade is made from stainless steel which has been perforated to create a lovely holed pattern which seems spontaneous and random.

The included LED light source is concealed and diffuses outwards and downward to produce a welcoming illumination. The Onn Mini LED pendant can be used in a wide variety of spaces, being useful in homes and professional settings. The small size also makes the pendant perfect for many applications and will add a touch of modernity and style to any interior.
