PRODUCT DESCRIPTION

Designer: Søren Refsgaard

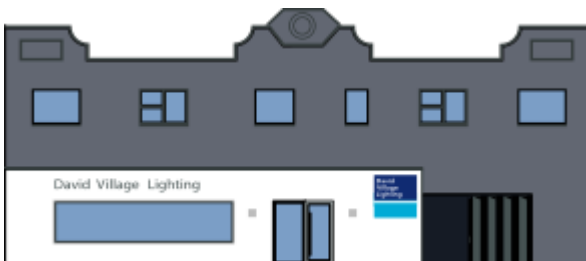

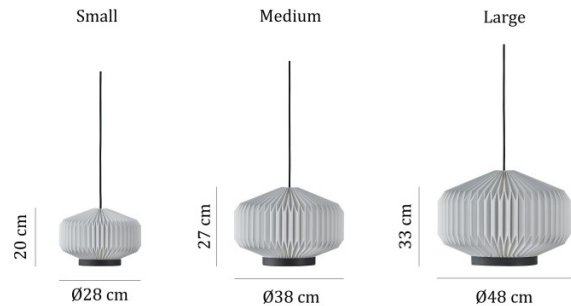

Shibui Pendant Light by Le Klint

The Le Klint Shibui pendant was designed by Søren Refsgaard who embodies the design aesthetic of Le Klint by creating a folded lampshade made from white plastic foil. Refsgaard is heavily influenced by Scandinavian design, putting functionality and simplicity at the forefront of his creations. This pendant light is no exception as the beautiful white shade has clear and striking lines, matched with a simple black metal ring.

The Shibui pendant lamp is available in 3 sizes, small, medium and large, and can be used in homes, professional spaces or commercial settings. The larger pendants could be used as a central light and the smaller pendant lights are useful for rows or cluster compositions. The pendant creates a wonderful diffused glow which is warming and inviting, perfect for creating a lovely ambience.
