PRODUCT DESCRIPTION

Designer: Søren Refsgaard

Shibui Floor Lamp by Le Klint

The Shibui floor lamp is named after the Japanese term that is used to describe subjects and objects as subtle, simple and with an unobtrusive beauty. This floor lamp completely embodies this term, with a folded lampshade that has clear lines and a sleek black metal structure.

The Shibui floor light is also adjustable, with a minimum height of 100cm and a maximum height of 144cm. The light bulb is concealed by the shade, creating a diffused glow and also streams out of the bottom, perfect to use as a reading light. Suitable for a wide variety of settings, this floor light can be used for useful illumination and for ambience.
