PRODUCT DESCRIPTION

Designer: Øivind Slaatto

Patera Oval LED Pendant Light by Louis Poulsen

Designed by Øivind Slaatto in collaboration with Louis Poulsen, the Patera Oval pendant is the newest addition to the [Patera collection](#). Based on the Fibonacci sequence, the pendant light is made from PVC foil which is cut to create an intricate square pattern that conceals the light source completely whilst still creating a diffused, effective illumination.

The Patera Oval pendant lamp was created as a solution for low ceilings, as the original [Patera pendant](#) has a spherical shape. The pendant provides an ambient glow and also has an opening in the bottom of the lampshade for a downward directed light which is perfect for hanging over tables and surfaces. The Patera Oval also comes with a diffuser so you can have the option of a diffused downlight or an unconcealed downlight. A stunning pendant lamp that can be used as a centrepiece light in any setting.

PRODUCT SPECIFICATION

Light Source:	41W, 2700K, 2553 Lumens
IP Code:	20
Dimming:	Dimmable via Dali dimming systems. Please consult your electrician, additional wiring may be required on site.
Dimensions:	Shade: Ø50cm Height: 36cm Max Cable Length: 400cm
