PRODUCT DESCRIPTION

Designer: Bert Frank Design Team

Bert Frank Riddle Pendant Light

The Riddle pendant is made from perforated brass and has a simple silhouette reminiscent of a lantern. The shade has a fabric insert which softens the glow as it directs outwards through the holes and downwards out of the bottom. This creates a warm effect, being perfect as an ambient light in a dark corner or as a handy light over a table.

A truly versatile light, the Riddle pendant lamp comes in a range of monochrome finishes and is relatively compact, granting it the ability to be used in small spaces alone or multiple in larger spaces. You can put it into rows, create round configurations or use it starkly by itself to create a particular look that matches your interior design. Use in both homes and commercial spaces for an alluring and contemporary look.
