PRODUCT DESCRIPTION

Designer: Patrick Norguet

JIM Cone Pendant Light by Lodes

The JIM cone pendant is part of the [Lodes JIM collection](#), a range designed by Patrick Norguet. The pendant light has a simple cone silhouette which emits a downward glow that spreads out, being perfect for hanging over tables and surfaces. The small size of the pendant lamp also makes it wonderful for putting into rows or clusters, being suitable for large and small spaces.

The JIM cone pendant lamp is made up of a metal lampshade with a methacrylate hook which creates a beautiful contrast of materials. The shade is also inspired by the lampshades that could be found in artists' studios in the early 1900s, bringing an old idea to the modern day. Minimalist and clean, this pendant light is available in 4 diffuser colours with the choice of 2 hook colours to pair.

The JIM cone pendant light comes with a white standard ceiling canopy by Lodes. A recessed or mini version in various colours is also available and a multiple ceiling canopy is available for purchase to create clusters and rows. Please [contact us](#) for further info and prices.

PRODUCT SPECIFICATION

Light Source: 1 x max 25W E27 A60 GLS LED (excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming

Dimensions: Ø28cm shade
32cm shade height
Ø12.5cm ceiling canopy
400cm max. cable length
