HAY Matin Flush Mount Ceiling / Wall Light

The HAY Matin Flush Mount Ceiling/Wall Light was designed by Inga Sempé, who's designs are described as having the lightest of touch, a strong personality and a particularly tactile nature. This is clear in the design of the HAY Matin Flush Wall Light as the delicate pleated cotton shade in a strong vibrant colour combines visual delicacy with physical robustness. The inspiration behind the HAY Matin Flush Ceiling Light was found by Inga Sempé in the ribbon shops in Paris. She carefully selected the colour palette of these lamps based off the colours and textures in the French ribbon shops. The colours Sempé chose were Lavender, White and Yellow which will all bring a splash of fun and vibrancy to any interior.

This wall and ceiling lamp will emit a soft ambient light whilst the pleated cotton shade conceals the bulbs and beautifully diffuses the light into the surroundings. The wall bracket is also concealed by the cotton shade resulting in a delicate simplicity. The HAY Matin Flush Wall and ceiling light is bold and contemporary individually, however when clustered with others, this light can really make a statement.
