PRODUCT DESCRIPTION

Designer: Cenlitrosmetrocastrado

a-emotional light Cambo LED Pendant

We currently have limited stock of one of these items in our [Clearance section](#).

The a-emotional light Cambo LED Pendant was designed by Cenlitrosmetrocastrado, a design duo called Ricardo Tubío and Xabier Rilo. Their aim is to represent nature and the natural growth of plants through the design of the Cambo pendant light. The juxtaposition of the industrial metallic shade and the soft, natural beech wood creates a stunning tribute to the natural environment and the world we live in today. The striking beech wood is treated with a water-based varnish that allows the material to be shown in its most natural form. The mesh metallic shade also diffuses and conceals the integrated LED light source and strategically hides the technical details, therefore making the a-emotional light pendant appear to be lit naturally.

The design of this stunning Cambo LED pendant light is available in four different versions with differing shade sizes and beech wood arrangements. These variations are then available in a white finish or black finish and both highlight the warmth of the wooden structure. The four differing designs and two colour options allow you to find the perfect light for a reading nook, over a dining table or work space. Perfect as a striking individual feature, this Cambo pendant also creates impact when clustered together. Creating a forest of pendant lights, the differing wooden structures make each light look organic and stand out.

PRODUCT SPECIFICATION

Light Source: 7W 2700K 850lumens

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: **CM104:** Height: 45cm, Width: 26cm
CM104G: Height: 60cm, Width: 26cm
CM204: Height: 57.5cm, Width: 32cm
CM204G: Height: 72.5cm, Width: 32cm
