PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

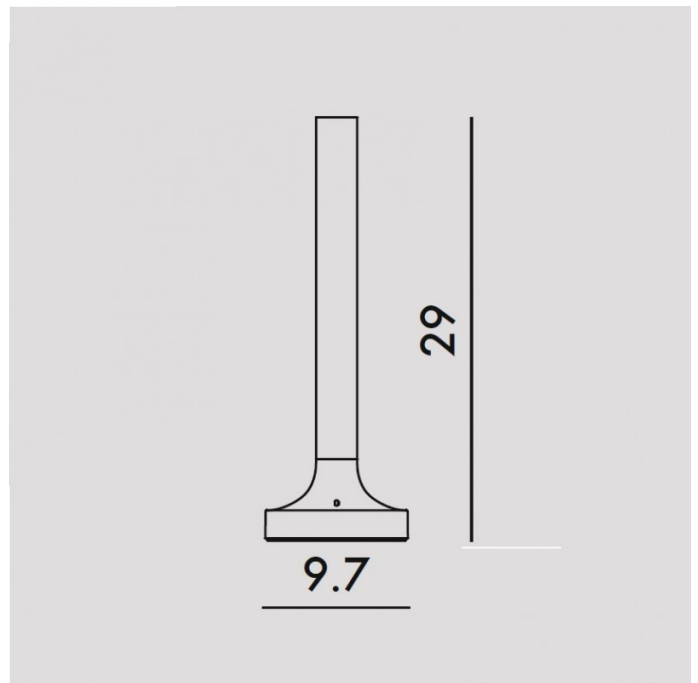

**Goodnight Battery Portable LED
Table Lamp by Kartell**

Designed by Philippe Starck, the Goodnight battery table lamp takes on the form of a traditional candle, updating a universal and centuries old source of light and reinterpreting it for a modern user. The table light is made out of recycled plastic which is made to last and creates a warm and inviting glow.

The Goodnight table light is a portable lamp that can be carried from place to place, emulating the gorgeous and romantic atmosphere of a candle. The table lamp has an integrated dimmer switch which has three light settings so you can create the right ambience in your space. Available in 6 colour finishes, the Goodnight Battery is suitable for domestic and professional settings.
