PRODUCT DESCRIPTION

Designer: Christian Flindt

LP Grand 320 LED Pendant Light by Louis Poulsen

The LP Grand 320 pendant was designed by Christian Flindt as a **new release in 2022**. Suitable for use in homes, offices, hospitality and projects, the pendant light uses old forms and new technology for a modern and contemporary fixture. The pendant features reflectors and has a beautiful circular silhouette to emit a glare-free and warm glow.

The LP Grand 320 pendant lamp is available in three colours, matt black, glossy white or matt champagne and with the choice between a 2700K (warmest white) or 3000K (warm white) colour temperature. The PMMA diffuser conceals the integrated light source for a comfortable illumination and the size of the suspension makes it perfect for application alone or in multiple. Use over tables and surfaces or as a main light.
