PRODUCT DESCRIPTION

Designer: Pablo Studio

Pablo Lana LED Table Lamp

The Lana collection includes a 100% wool fabric shade that houses an integrated LED light source. The shade is available in five colours, plum, charcoal, artic blue, stone, and moss. The integrated LED is equipped with a neodymium magnet that attaches itself to the table base, which is also available in a white or chrome finish. The magnet connection between the base and shade allows you to adjust the direction of the light with ease. You are able to maneuver the shade up and down the magnetic stem and also rotate the shade 360-degrees around the base.

The shade also houses an optical switch that, when pressed, gives you full range dimming control. The light beautifully illuminates the woolen fabric shade and highlights the quality of the material. A premium leather strap is attached to the top of the shade to assist in detaching and adjusting the shade along the stem. The Lana collection also includes a [floor lamp](#).

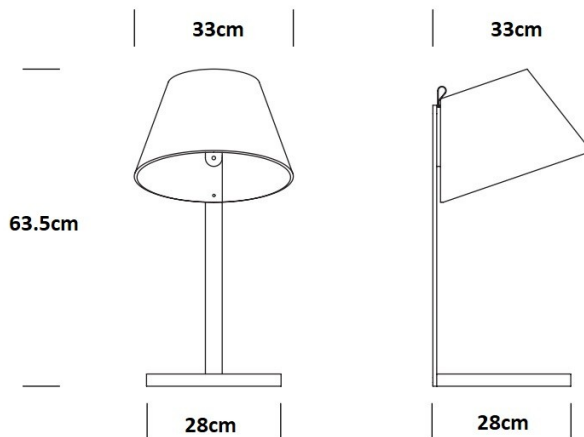

PRODUCT SPECIFICATION

Light Source: 5.5W, 3000K, 350 Lumens

IP Code: 20

Dimming: Integrated dimmer on the product.

Dimensions: Shade: Ø33cm
