Designer: Space Copenhagen

Gubi Howard Pendant Light

The Howard pendant was designed by Space Copenhagen, a design duo who used the creation of the [Howard collection](#) as a celebration of New York’s material palette, as seen through Scandinavian eyes. The Howard pendant has become a tribute to the metropolis with its iconic shade and industrial metallic finish. The Howard Pendant’s carefully crafted spun brass shade with a gunmetal finish and brushed brass interior adds warmth to the light it casts. The brass finish adds an elegant touch to this industrial style and its subtle shimmering black shade plays with the light in its surroundings. Whereas the bone china shade creates a diffused glow, balancing the industrial aesthetic with a softer silhouette.

The choice of these two organic warm colours means that this design can fit beautifully into any surrounding. From a cluster over a dining table or a singular pendant over a desk or work area. The art deco design and classic silhouette of these stunning pendants make them a warming addition to any home or commercial area.

PRODUCT SPECIFICATION

- Light Source:** 1x Max 6W, E14 LED (excluded)
- IP Code:** 20
- Dimming:** Dimmable via mains phase dimming
- Dimensions:** Shade diameter: Ø16cm
Height: 16.4cm
Cable Length: 400cm
