PRODUCT DESCRIPTION

Designer: Enzo Catellani
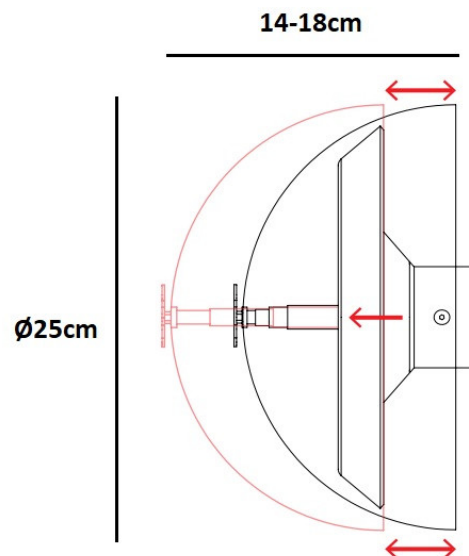

Catellani & Smith Ale W LED Wall Light

The Ale W wall light by Catellani & Smith is a simple yet elegant design that uses a stunning aluminium dome shade on an adjustable wall mount. This design is available in a selection of colours from black, white, blue, and magenta fluo. Bring a bright bold touch to your space and celebrate the simplistic beauty of aluminium as the main material used. An intriguing feature of this design is the delicate and detailed metallic silhouette of a fly that sits proudly in the centre of the dome shade. This small touch demonstrates the attention to detail and the beautiful subtlety behind the Ale collection.

Ideal for a hallway, or living space or as a bold feature to create a talking point, this Catellani & Smith wall light brings bold colour and a confident design to any interior. The bright colours that are available bring a fun and playful touch to your space and bring a retro style to your home.
