## PRODUCT DESCRIPTION

Designer: Tom Dixon

### Stone LED Wall Light by Tom Dixon

The Stone LED wall lamp is a stunning and gorgeous fixture that features beautiful white marble and brass. The materials used reflect classic architecture, harking back to ancient civilisations whilst also displaying a fresh and modern perspective.

The Stone LED wall light has a rounded silhouette and a brass middle which reflects the light source to create a warm and inviting glow. The light also emanates outwards, creating soft concentric circles that play and dance on the wall. Use in many settings for atmospheric and effective lighting.
