PRODUCT DESCRIPTION

Designer: Vincent Van Duysen

Flos Oblique LED Floor Lamp

The Oblique floor lamp by Flos is a simple and stunning design that encompasses the beauty of modern style. The curved edges from the shade to the base and stem give this lamp a seamless and calming silhouette, ideal for those relaxing areas of your home. The thin and practical LED board located under the shade gives out a bright and functional light that is angled perfectly for reading and task lighting solutions. This light is available in a 2700K or 3000K colour temperature so that you can personalise the type of light output that you would prefer. The Oblique floor lamp is also available in a 4000K colour temperature, [contact us](#) for more information.

Choose from a wide array of muted colours, the Oblique floor lamp is available in both a matt and glossy finish. This gives the lamp either a reflective shimmering appearance or a sophisticated matt surface, both of which highlight the elegance of the curved edges and simple design. The Oblique floor can also be easily dimmed using the touch dimmer on the underside of the shade. by pressing once the light will turn on and simply holding down on the sensor it will dim gently until your chosen setting.
