PRODUCT DESCRIPTION

Diesel Living with Lodes Rod LED Portable Lamp

We currently have limited stock of this item in our [Clearance section](#).

As its name might hint, the Rod Lamp was inspired by the construction rod. The rod stem connects the base and shade, like two imaginary blocks of cement; rising from the ground and supporting the shade.

The LED light source is neatly placed within the shade, while a touch dimmer allows you to adjust its light intensity. Simply tap the top of the shade to turn on, dim and turn off the light.

The Rod Portable is rechargeable with a USB-C cable, and only 3 hours of charging time. Its battery life can last 8 hours at full power, 48 hours at 50% power and 180 hours at 10%. With an IP54 rating, the Rod can also be used in outdoor spaces. These characteristics make the Rod Lamp the perfect lighting solution for commercial spaces, like offices or restaurants. The lamp is available in 4 colour options to choose from: dark asphalt, ivory, soft pink or moss gray.

A charging station, to charge multiple Rod lights simultaneously, is also available. Please [contact us](#) for further information and pricing.

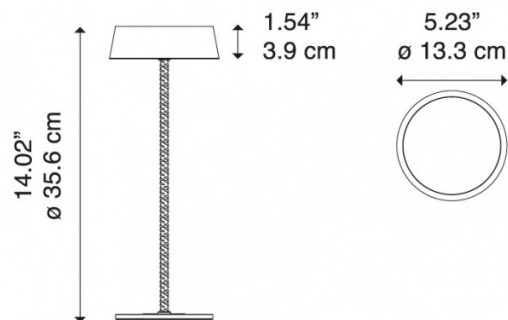

PRODUCT SPECIFICATION

Light Source: 2W, 3000K, 212 lumens

IP Code: 54

Dimming: Integrated dimmer on product.

Dimensions: 35.6 cm height
3.9 cm shade height
Ø 13.3 cm shade
