Forked Shade + Globe Pendant Light by Buster + Punch

The Forked Shade + Globe pendant combines the beautiful designs of the [Forked Shade](#) and [Forked Globe](#), featuring a glass diffuser encased by a metal lampshade. The range is defined by a stylish metal fork that supports the lampshade for a steady and straight suspension. This fork feature then contrasts with the smooth finish of the lampshade creating a juxtaposition between elegant and industrial aesthetics.

The Forked Shade + Globe pendant lamp is available in a medium or large size and with the choice between an opal glass or smoked glass diffuser. These can then pair with either a steel, brass, gun metal or burnt steel metal shade, with all finishes adding a unique and interesting look to any interior. The pendant emits a soft glow that is diffused and can be dimmed to provide either a functional illumination or ambient illumination. Truly the best of British design, this pendant light will look contemporary and stunning in any setting.
