HAY Paper Cube Table Lamp

Designed by Bertjan Pot, the Paper Cube table lamp is an elegant and simple table lamp that emits a calming diffused light into your space. With the delicate structure and illuminated Japanese paper shade, the Paper Cube is a design that embodies the therapeutic nature of the Japanese paper folding technique. The easy-to-assemble design features four wooden legs and expertly folded paper made from recycled bottles.

This oragani-inspired design is ideal for those tranquil places in your home that need an ambient glow. The paper shade creates a glare-free diffused light perfect for a bedside, shelf or windowsill.
