PRODUCT DESCRIPTION

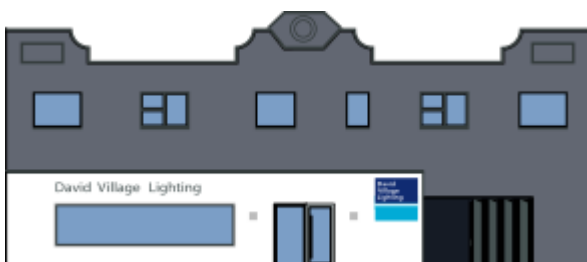

HAY Common Floor Lamp

The Common floor lamp is a simple design that features a rice paper lantern on top of a steel base. This contrast between the soft and delicate shade against the sturdy steel base emphasises the quality and characteristics of both materials. The rice paper that forms the traditional lantern shape is airy and bright as it emits a soft warm glow. Whilst the steel stand with terrazzo or steel base demonstrates an industrial modern aesthetic.

The shades are available in an oblong or peach shape, which both showcase the beauty of rice paper as a natural diffuser. The base is also available in three finishes, soft black with a steel base, soft black with a terrazzo base, and grey with a terrazzo base. Through these options you can customise and personalise your HAY Common floor lamp to create the perfect floor lamp for your space. Ideal for a living area, kitchen or bedroom, the Common floor lamp creates a calming atmosphere and tranquil space.
