PRODUCT DESCRIPTION

Colette Table Lamp by &Tradition

The Colette table lamp was designed by the team at &Tradition. Taking inspiration from Art Deco design, the light is aptly named after the iconic French author who was a pioneer in the Parisian avant-garde scene, in early 20th century. The table light harks back to this time, using fabric as the main material to create an interesting and timeless piece. The base is constructed with metal and the shade with plastic that is then covered by a blend of cotton and linen.

The Colette table light comes in a white finish, with either a black or merlot trim, which creates a subtle accent in the room. The clear lines and smooth silhouette create a universal aesthetic that can be used in a wide variety of settings. The light bulb is diffused, producing a warm ambience, that is also dimmable thanks to the included dimmer switch on the cable.
