PRODUCT DESCRIPTION

Designer: Bonderup & Thorup

Gubi Semi Metallic Pendant Light

The Gubi Semi design as created in 1968 as a product of the creative partnership between Claus Bonderup and Torsten Thorup. This design was inspired by the soft forms that had dominated Danish design at the time. Fitting perfectly into both domestic and commercial settings, the Gubi Semi pendant is a simplistic and minimal design that embodies the 'cosy era' of Danish design.

The metallic Semi pendant adds a luxury element to this design, the glossy chrome and brass finishes bring a pop of metallic elegance to your space. The reflective exterior plays with light and shadow whilst the white interior diffuses the light downwards and brightens your space with ease.
