PRODUCT DESCRIPTION

Designer: Lucie Koldova

Brokis Orbis LED Pendant

The Brokis Orbis Pendant is a quirky lighting solution that doesn't lose its practicality. This LED pendant is striking yet minimalistic, featuring a spherical diffuser which is based on a universal shape and rendered in handblown smoke glass. The diffuser of the Brokis Orbis LED Pendant has been abruptly severed across the top to accommodate an elegant multiangular metal fixture. Orbis is easily personalised, available in three sizes and a range of finish options.

Display individually or as a larger cluster depending on your interiors size and style. The Brokis Orbis Pendant is perfect for your dining room, kitchen, entrance hall, office or even hallway.

The Brokis Orbis Pendant is available in several glass colour options, each of which is paired with metal components in a predetermined corresponding colour. Please [contact us](#) for more information and pricing.
