PRODUCT DESCRIPTION

Designer: Odin Visser

Moooi NomNom Light LED Pendant

Moooi's NomNom light is modern and playful with its two straight-lined structures holding a glowing glass ball, giving the illusion of two chopsticks holding something tasty. Distinguished and sophisticated, the NomNom makes you hungry for more. Acquire the NomNom as a stand-alone product or have several in a bundle or row to make an enticing and captivating design staple. Place it over a dinner table with guests in a residential home or in the centre of a room in a hospitable restaurant or business office.

The integrated LED of the NomNom emits a warm white colour temperature creating a light cosy and inviting. With 6 colours, some representing tasty foodstuffs, there's the right NomNom to match any colour scheme. Choose from Nori (Black), Wasabi (Green), Ginger (Orange), Blossom (Pink), Ruby (Red) or Indigo (Blue/Purple) and let the NomNom be a feast for your eyes.

Compatible with the Moooi wireless dimming switch, enabling you full control through a Bluetooth-enabled dimming device. Purchased separately.

Please [contact us](#) for more information.
