PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

Masters Stool 109 cm by Kartell

Designed by Philippe Starck the Masters collection was inspired by three symbolic designs: the "Tulip Armchair" by Eero Saarinen, the "Eiffel Chair" by Charles Eames and the "Series 7" by Arne Jacobsen. Masters has become an icon, in furniture design. Available in multiple colour options the stool is the perfect choice for both indoor and outdoor seating. Bring colour into any space.

The Masters 109cm is the tallest of the two stool sizes, while the collection also includes the Masters Chair which won the Good Design Award in 2010 and the Red Dot Award in 2013. The chairs and stools are made of polypropylene and the lightweight material allows you to easily use and transfer around the table or bar.

Please note this is the tallest Masters Stool, with an arm height 84cm. It's also available with a shorter armrest height, at [65cm](#), which is perfect for the breakfast bar.
