Design For The People Mimi Spot Ceiling Light

Designed by Bønnelycke MDD, the Mimi Ceiling light provides a perfect glare free and directional light. This slim but powerful design is easily adjustable, each spotlight can be turned to allow you to illuminate areas of the room that need it most. The compactness of the Mimi also means it can be utilised in smaller spaces without taking up too much room and the gold detailing's adds a final touch of class and elegance to the design.

No matter how many light sources you choose, Mimi Ceiling Light is great for hallways, kitchens, storage spaces, offices and even bathrooms (this ceiling light has an IP20 certification, so whilst it can be used in bathrooms please keep it a safe distance from water sources. See our information on bathroom zones [here](#).)
