Marset Pleat Box 47 Pendant

The largest lamp in the Pleat Box range, the Pleat Box 47 is perfect as a statement piece in your space. It is the result of a collaboration between ceramicist Xavier Manosa and Berlin-based Marshalla Design Studio in 2011, designed for Spanish lighting manufacturers Marset. Pleat Box 47 is designed to resemble a piece of fabric draped over the shade, enveloping the light source within it's folded top. A perfect example of the power and creativity of modern ceramics.

Marset Pleat Box 47 is a large but minimalistic pendant light which is available in an impressive range of contemporary colour options, for both the shade exterior and interior. The interior finish inside the ceramic shade is available in either gold or white, both offering a unique light output. The gold interior coats your space in a warm and calming illumination, whereas the white provides you with a brighter, functional light that is enhanced by the white shine. Each Pleat Box is hand crafted, resulting in a light that conveys beauty in its material, shapes and texture.
