PRODUCT DESCRIPTION

Designer: Joana Bover

Bover Maxi S/01 Suspension

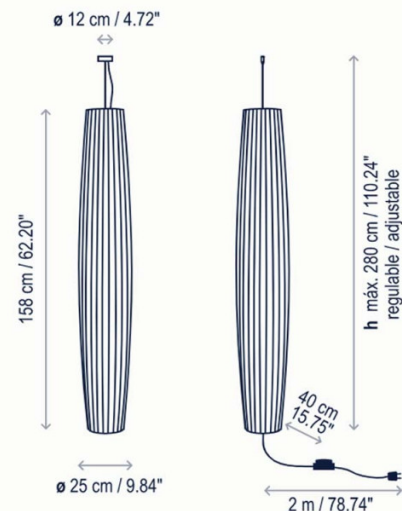

The Bover Maxi S/01 Suspension was designed by Joana Bover in 2004, and is now a Bover bestseller. The shade of the Maxi boasts a contemporary design, with soft curves and a translucent ribbon material, which results in a warm diffused light output for your space. Thanks to the delicate pleats in the Maxi S/01, the illumination creates beautiful shadow effects that are cast upon the nearby walls.

This intricate suspension light is perfect for brightening up corners of your living room, your hallway, bedroom or even dining area. The Bover Maxi S/01 Suspension offers two installation options. Upper installation where the suspension light is powered through electrical cables that run through the ceiling, or bottom installation where the suspension will require to be plugged into a socket.

Also available as an [Outdoor luminaire](#).
