PRODUCT DESCRIPTION

Designer: Massimo Minale

Buster + Punch Forked Shade Ceiling Light

Buster + Punch Forked Shade Ceiling Light adds a striking industrial touch to any space, with a range of finishes available it effortlessly matches with other pieces in the brand's collection, allowing you to tie your room together with multiple subtle metallic touches. This ceiling light is composed of a wide open hemisphere shaped shade, with the iconic knurled pattern detailing and Buster + Punch signature. A beautiful combination of cast and machined metal, once again this Massimo Minale design utilises only the highest quality materials.

No matter what your personal style, with a wide range of finish options the Buster + Punch Forked Shade Ceiling Light is sure to strike your interest. The light is also available in two sizes. Thanks to the wide metal shade, and the lack of diffuser, this ceiling light emits a functional and glare free illumination, which is perfect for kitchens, dining areas and public spaces in the hospitality industry. The Forked Shade Ceiling Light also adds a gorgeous touch of industrialism to hotel lobbies.

A Buster + Punch Forked-specific dimmable Buster Bulb is included, but requires an LED compatible dimmer switch.
