**PRODUCT DESCRIPTION**

**Designer:** Studio Shuu

**KDLN Kooi LED Suspension Light**

The KDLN Kooi LED Suspension was designed by Studio Shuu, and takes inspiration from a traditional Chinese style of painting - Shan Shui. This involves the painting of scenery or natural landscapes with brush and ink, but artists do not try to present an image of what they have seen in nature, rather what they have thought about it. Kooi conveys this philosophy in its silhouette.

Thanks to the contrast between the clear glass diffuser and the cold metal structure, Kooi presents a play of lights and shadows when turned on, projecting continuous visual effects and unprecedented changes of perspective. The KDLN Kooi Suspension is striking when displayed individually or as a cluster and is a beautiful way to illuminate your lounge, kitchen, entryway or staircase.
