PRODUCT DESCRIPTION

Designer: Space Copenhagen

Gubi Seine Portable Lamp

The Gubi Seine Portable Lamp is a modern lantern with vintage references; the dome shade is crafted from mouth-blown glass, whilst the base is antique brass. This elegant lighting solution was designed by Space Copenhagen and inspired by the relationship between light and water.

Thanks to the grooved clover-like shade, the illumination is emitted in a beautiful lighting pattern that resembles moving water; Seine emits a pleasant and atmospheric light, perfect for relaxation and dining, both indoors and outdoors. The vintage brass base is fitted with an integrated 3-step touch dimmer that allows you to personalise the ambience in your space and is elongated for optimal ergonomics, allowing it to be easily and comfortably carried around. By making the design mobile, Space Copenhagen has taken portable lighting to a new level of elegance and craftsmanship.

Battery Life:

50-60 hours at 10%

12-14 hours at 50%

Up to seven hours at full brightness.

Charging Time: 8 hours

Please Note: Due to the IP20 rating, the Gubi Seine can be used outside, but not in wet conditions. It must be stored indoors when not in use.

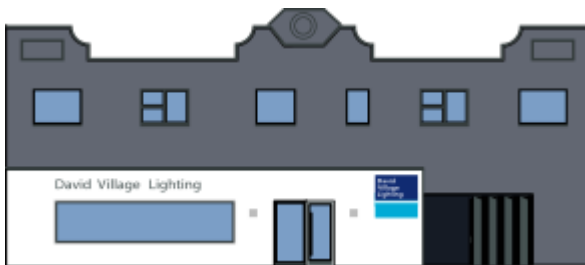

PRODUCT SPECIFICATION

Light Source: 1 x Max Max 1W G4 LED Dimmable (excluded)

IP Code: 20

Dimming: Integrated dimmer on the product.

Dimensions: Height: 25 cm
Shade: Ø14cm
Lamp Stand: Ø11 x 12cm
Charging Cable Length: 100cm
