Le Klint Bouquet Floor Lamp

The Le Klint Bouquet Floor Lamp is made in Odense, Denmark, by a team of highly skilled technicians alongside innovative designers and architects, to ensure that your choice of lighting is perfect to the highest quality. It's this attention and care which has led to the recognition of the Purveyors of the Royal Danish Court.

The cream-coloured shades are hand-folded for a personal touch, ensuring the care and attention in each lamp. The stem of the floor lamp bends down into the minimalistic light oak base. The arch of the stem is perfectly angled for reading or writing in a study. The Bouquet [collection](#) is also available in a table lamp and a variety of pendants.
