Le Klint Bouquet table Lamp

The Bouquet table Lamp was designed by Sinja Svarrer Damkjaer who is a Master of Engineering and a specialist in industrial design. She was inspired to create this contemporary lamp by Mother Nature and spring flowers for Le Klint.

The Bouquet's cream lamp shade by Le Klint is hand-folded for a personal touch, ensuring care and attention in each lamp. The stem of the floor lamp bends downward, facing the light oak base. The arch of the stem is angled perfectly for reading or writing on a desk. The Bouquet [collection](#) also comes in a floor lamp and a variety of pendants.
