PRODUCT DESCRIPTION

Designer: Angeletti Ruzza

Oluce Dora LED Table Lamp

Designed by Angelettiruzza Design, the Oluce Dora LED Table Lamp combines a warm glass diffuser, that references antique forms, with a simplistic and more contemporary metal structure. The result is a balanced and refined presence, that provides a calming downlight for a variety of environments. Dora Table Lamp is available in two finishes, either a satin-finish gold body with red glass shade or a satin-finish black nickel body with smoked glass shade.

Dora combines the classic with the modern and can adapt to a range of interiors; utilise this table lamp to illuminate your bedside table, a reading nook, a coffee table in your living room or even your desk or workspace. Thoughtfully designed, a dimmer has been placed on the cable of the Oluce Dora Table Lamp, for easily adjustable ambience lighting.
