Arturo Alvarez Ura 104 Pendant

The Ura 104 pendant by Arturo Alvarez has a distinctive shape created by folding techniques applied during the handcrafting process. The shades are made from painted stainless steel mesh and are suspended from the ceiling by a 150cm cable. The intricate folds of the shade allow light to permeate through while also creating a visually stunning pattern that will adorn your wall.

Spanish lighting design company, Arturo Alvarez, creates designs that are original and always carefully hand-crafted by experts. The Ura collection includes three pendants, a floor lamp and a table lamp. The Ura pendants can be hung together in a group or individually in any residential or commercial setting.
