Tom Dixon Globe Fat Cone LED Floor Lamp

The Tom Dixon Globe collection stands out as the most minimalistic of the brand's work. This LED Floor Lamp features the classic Globe shade which is highly mirrored and perfectly reflective when turned off, and then revealing a multiplicity of internal reflections when switched on.

The Tom Dixon Globe Fat Cone LED Floor Lamp is available in various finishes, allowing it to adapt to a range of contemporary interior styles. Globe is an uncomplicated lamp, but its unique design makes it an extraordinary floor lamp that can provide the final decorative touches to your home or commercial space; especially living areas, hallways, dining spaces and bedrooms.
