PRODUCT DESCRIPTION

Designer: Yuchen Wu

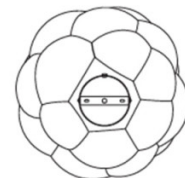

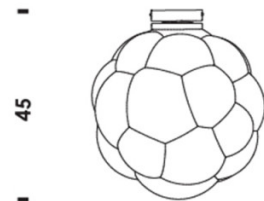

Normann Copenhagen Bubba Ceiling Light

Able to adapt to a range of interior styles, the Normann Copenhagen Bubba Ceiling Light is a sophisticated and minimalistic light by Yuchen Wu which was inspired by soap bubbles and how they grasp onto each other. The form resembles the resulting cluster of bubbles, adding a unique and elegant touch to your interior.

Normann Copenhagen Bubba Ceiling Light is crafted from opal glass with a metal ceiling mount and can be displayed individually or in multiples for larger environments. The [Bubba Collection](#) also includes a pendant lamp, in two different sizes, and a wall light. These can be displayed alongside the Bubba Ceiling Light for a cohesive aesthetic. Cleverly constructed, these bubble-shaped lights can be featured in both commercial and residential settings thanks to their minimalist design.
