PRODUCT DESCRIPTION

Designer: Yuchen Wu

Normann Copenhagen Bubba Ceiling Light

Normann Copenhagen Bubba Ceiling Light is a sophisticated and minimalistic light by Yuchen Wu which was inspired by soap bubbles and how they grasp onto each other, forming delicate clusters of bubbles. Cleverly constructed, these bubble-shaped lights can be featured in both commercial and residential settings thanks to their minimalist design.

Bubba ceiling light is created from opal glass. The collection includes a pendant lamp in two different sizes, a large ceiling lamp and a smaller lamp ideal for both wall and ceiling surfaces. These can be displayed independently or in multiples to create a sea of bubbles.
