Arturo Alvarez Ura Floor Lamp

Arturo Alvarez Ura Floor Lamp was inspired by natural shapes in nature. The cylinder-shaped shade is made from painted stainless steel mesh and sits upon steel tripod stems. This minimalistic floor lamp is unrestricted at the top and bottom, allowing a circular light display to project onto the floor and ceiling. Alvarez designed the table lamp with intricate hand folds ensuring the precision of each shade.

The Ura LED Floor lamp stands 156cm tall with a choice of transparent or black cable. The Ura collection offers three pendant lamps that can be combined with each other, a table lamp and a floor lamp.
